

# Bottle Cap Volunteers (Please read before shift)

**Bottle Cap Leads:** Lauren Barrett 506-262-2875

Jena MacLeod 902-804-0341

- We cannot exchange a winning cap color with another cap color (Ex: If someone gets green, they cannot exchange for a red) There are just enough caps for each prize (except candy) and it will throw the game off if we switch prizes.
- - Numbered Prizes cannot be exchanged.(Ex: If they choose #3, they have to take the #3 prize) We cannot offer exceptions to this rule.
- Have participants use hand sanitizer before picking their caps.
- Only ONE cap winner is allowed behind the table to pick their prize. We have to enforce this because of COVID rules.
- Once caps are unwrapped please place coloured caps in designated bins.
- Yellow= CANDY! Please give away treat bags first. When those are gone, allow a Yellow winner to choose two candies or chips per cap.
- Because we have so much candy, you can refill yellow caps every so often. Extra tin foil is available to re-wrap.
- When the cash box gets full, we will ask that you take a deposit to the Rink Coordinators Room.
  - 1)Use envelops provided in the bottom of the box
  - 2) Place cash in it and seal it.
  - 3)Write the amount, and sign your name
  - 4) Take to Rink Coordinator who will keep it safe until we pick it up
- We will arrive at the last shift on Friday, and the last Shift on Saturday to pack up and collect the final cash deposits. On Saturday, if prizes are running low, please text one of us to let us know that we will end the game early.
- If you have any other questions, feel free to call or text! THANK YOU for your help!!

**Please note:** with the exception of the winning child picking their prize, kids are not allowed behind the bottle cap table this year. This includes children of volunteers.
